7/25/77

Dear Howard,

Reur 7/22 and 7/19 to and from Arcgives-

Release enclosed.

Re Marshall's "oral request," I think the contract provides that it be in writing.

1 and 2 in their 7/19 can't be true. Rhoads discussed it with me in a way that means he discussed it with others, probably GSA at the least. This was in the Halleck courtroom. I'd be surprised that if in their ultimate response they were entirely without reference to this but I'm not certain.

If 3. relates to the suit for the pictures of the clothing, this suggests an error in Rhoads' affidavit. If you want and if that is what this refers to, ask them if they have checked the files of that case because without a refusal from Johnson I would not have been able to file or on this basis they could have had it dismissed.

Without checking the Kelley 3/6/70 seems to be similar to the one I ultimately received only my recollection is that the size of the typing on mine seemed to be larger.

Best

Harold
